Beijing Institute of Technology

Conference
Sino-Russian Joint Forum
"Frontier of Differential Geometry"
27-30 September 2021

Dear colleagues!

We cordially invite you to take part in the Sino-Russian Joint Forum "Frontier of Differential Geometry", which will held online 27 - 30 September 2021. The forum is organized by the Sino-Russian mathematical centre and School of mathematics and statistics, Beijing Institute of Technology.

The Conference is organized in the following sections:
(1) Recent progress in differential geometry;
(2) Research topics in differential geometry and relative areas;
(3) Joint research and correspondence between Chinese and Russian mathematicians.

The conference is planned to be participated by specialists and students working on the differential geometry and related areas. Specialists from Russia and China will give lectures on the forum.

Speakers:
D. A. Timashev, A. A. Tuzhilin , G. I. Sharygin, A. B. Zheglov
Deng Yuxing, Liu Yi, Yang Xiaokui, Zhu Xiaohua

Scientific Committee:
Deng Yuxing, A. A. Tuzhilin, Sheng Weimin, Zhang Jiping, Zhu Xiaohua

Organizing Committe:
Cao Peng, Hu Jun, Li Yan, Zheng Tao
